

## A Necklace with a Turtle

v12853

A piece of crocodile cord from imitation leather is glued into a metal cone with a turtle pendant. The necklace is fastened with magnetic clasps.

### *Comment faire*

**1.** Cut off the ball of the ball head pin. Twist to form a double loop in the middle of the pin.

**2.** Place the pin in the cone and attach the turtle in the loop using an oval ring.

**3.** Glue the two cord ends and the legs of the pin inside the cone.

**4.** Cut the other cord ends at a desired length and glue each of these in an end cap.
