

Silk Clay Christmas Hanging Decorations with Rhinestones

v13381

A Christmas tree and a heart, modelled from Silk Clay and decorated with rhinestones which are pushed into the soft clay. A piece of doubled-over floral wire, decorated with faceted beads, is pushed into the top of each decoration for hanging.

Comment faire

1. Model a Christmas tree from Silk Clay using your imagination. NB: Silk Clay may be mixed to make different colors.

2. Push rhinestones firmly into the "wet" Silk Clay. You will not need glue.

3. Use a piece of floral wire measuring approx. 8cm for hanging. Double it over and decorate with one or two faceted beads. Push the ends well into the top of the Christmas tree. Let it dry.
