

A Greeting Card with a Silhouette, Rhinestones and Masking Tape

v13311

The greeting card is decorated with a collage attached with double-sided adhesive tape. The collage consists of a black silhouette, which is die-cut using the Big Shot machine. Subsequently, Masking Tape and self-adhesive rhinestones are attached.

Comment faire

1. Place a piece of card and the die-cutting tool with the chosen image in the required layers and – according to the requirements stated in the instructions manual of the Big Shot Machine.

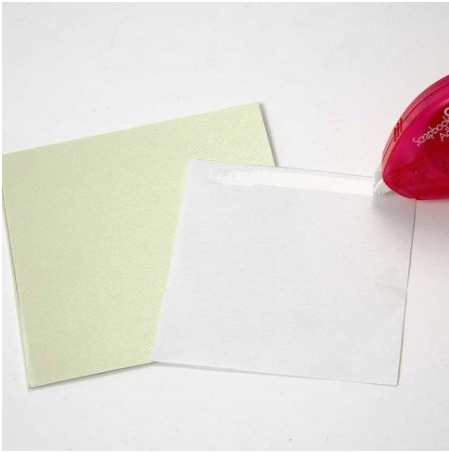

2. Roll the whole ensemble through the rollers of the Big Shot Machine.

3. Here is an example of the die-cut design – the silhouette of a reindeer.

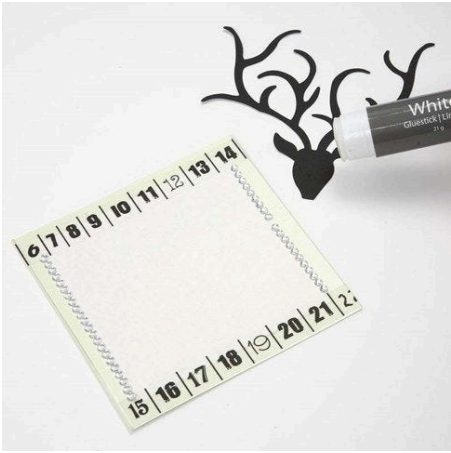

4. Cut a square from card – slightly smaller than the format of the greeting card – and attach it onto the front of the greeting card using E-Z Runner.

5. Attach Masking Tape and self-adhesive rhinestones to the square piece of card.

6. Attach the silhouette at the end. Use a glue stick.
