

## Porcelain Shapes decorated with Glass and Porcelain Markers

v13742

These porcelain shapes can be used as paperweights. They are painted and decorated with graphic details using a black and coloured glass and porcelain markers with glitter. All the shapes are fixed for 90 minutes at 160°C in a household oven.

### *Comment faire*

**1.** Use a black as well as coloured glass and porcelain markers for decorating the shapes; the black one for writing a text, then the yellow and red ones with glitter for dots and for painting.

**2.** Use black for doodling using your imagination.

**3.** Colour in the shape and divide into shimmering patterns according to your imagination. Draw outlines and graphic designs with a black glass and porcelain marker. Fix all the shapes for 90 minutes in a household oven at 160°C.
