

## A Metal Hoop with stamped Stockings

v13623

These stockings are stamped with numbers and text to use for a Christmas calendar. Each stocking is also decorated using Uni Posca markers. All the stockings are then displayed by hanging them on the hooks of the metal hoop.

### *Comment faire*

**1.** Use the rubber stamps attached to a wooden block and stamp (a number and text). Make a countdown for Christmas with 24 stockings and fill them with small surprises; one for each day in December leading up to Christmas.

**2.** Decorate the stockings with graphic designs when dry, using Uni Posca markers. Here a red circle around the number on each stocking.

**3.** Draw symbolic graphics according to your own taste, using a black Uni Posca marker. Hang the stockings on the hooks on the metal ring and put little surprises inside each stocking.
