

A Christmas Card with Glitter Foil, Design Paper and a Cabochon

v13616

The front of this handmade greeting card is decorated with glitter foil and Vivi Gade design paper (the Oslo series). It is also decorated with self-adhesive rhinestones and a cabochon with a motif.

Comment faire

1. Cut a 10.5 x 10.5cm piece of glitter foil and attach it onto the front of the greeting card using double-sided adhesive tape.

2. At the top cut away a 2.5 x 3cm square on both sides of the design paper. Attach the remaining piece of design paper to the glitter foil using double-sided adhesive tape.

3. Turn over the design paper sheet for a different design pattern. Cut a 7.5 x 4.5cm piece from this design. Attach this on top of the other layers using double-sided adhesive tape.

4. Choose a design from the paper series, cut it out and attach it on top of the layers.

5. Attach a cabochon with a design onto the card using double-sided adhesive tape.

6 Attach self-adhesive rhinestones according to your own taste.
