

Porte-clés en bois recouverts avec de la pâte Foam Clay

v14351

Ces porte-clés en bois sont décorés avec de la pâte Foam Clay en fonction de votre imagination.

Comment faire

1 Cover both sides of the wooden pendant according to your imagination with Foam Clay which is attached as small balls, distributed in an even, thin layer.

2 Decorate with rhinestones according to your taste by pushing each rhinestone into a new blob of Foam Clay which is then pushed onto the wooden pendant. Leave to dry.
