

A star-shaped Pixie made from Felt with Glitter

v14679

This pixie's body is made from felt with glitter. It is made as a 5-pointed star which is sewn together. A pre-decorated head is glued onto one star point and decorated with a pointed felt hat. Wooden beads are glued onto each of the other star points for hands and feet.

Comment faire

1 Print the template which is available as a separate PDF-file for this idea. Cut out the star, copy it onto felt twice and cut out.

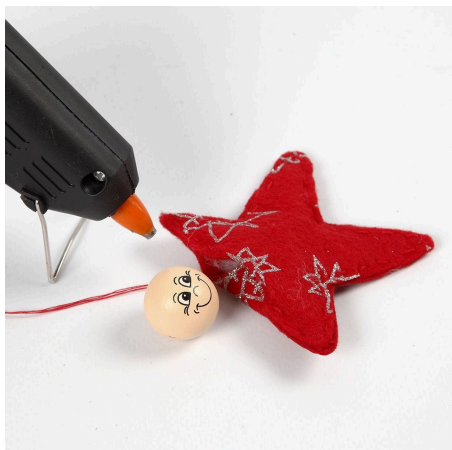

2 Place the two pieces of felt together (inner side against inner side) and sew along the edge of four of the five star points. Use sewing thread which is doubled-over twice. Secure at the end and fill the star with polyester stuffing.

3 Fold the open point downwards and inside the star.

4 Use a glue gun for gluing the head onto the opening.

5 Cut out the hat from the template and copy it onto felt. Cut out and glue together.

6 Glue the hat onto the head and the wooden beads (for hands and feet) onto the ends of each star point.
