

A Mobile from a 2-in-1 Hanging Decoration

v14661

This mobile is made from a thin piece of natural hemp with decorations, i.e. small wooden beads and a 2-in-1 hanging decoration (which has been separated) as well as a large wooden bead painted with 'Snow Effect'.

Comment faire

1 Separate the 2-in-1 hanging decoration and decorate the round piece with prints using a Flex template and 'Snow Effect'. You may add dots along the edge. Leave to dry.

2 Dab the large wooden bead and the other piece of the 2-in-1 hanging decoration with 'Snow Effect' using a foam stencil brush. Leave to dry.

3 Assemble all the decorated parts as well as small untreated wooden beads onto a long piece of natural hemp.
