

A Teddy made from Papier-mâché Pulp in a Shape Cutter

v14319

This small teddy is made from papier-mâché pulp which is formed with a shape cutter (which can also be used for making cookies). It is painted with Plus Color craft paint when dry and decorated further with Uni Posca markers.

Comment faire

1 Soak papier-mâché pulp in water using the ratio: 3 parts pulp to 1 part water.

2 Press papier-mâché pulp into the shape cutter.

3 Remove the shape cutter and leave to dry (for 2-8 days depending on the size of the shape).

4 Paint the figure with Plus Color craft paint and leave to dry.

5 Draw details with Uni Posca markers.
