

A House-shaped Shelving System decorated with Craft Paint and Collage

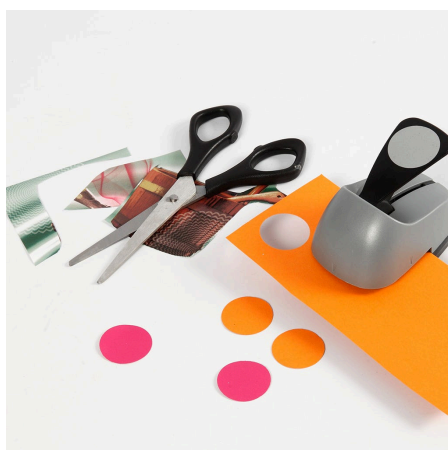

v15046

Cut-outs from magazines/brochures as well as punched-out Color Bar paper designs are glued onto this wooden shelving system which is painted with craft paint. The surface is sealed with a coat of decoupage lacquer.

Comment faire

1 Paint the shelving system with craft paint. Leave to dry completely before continuing to the next step.

2 Punch and cut out designs from Color Bar paper, magazines and brochures.

3 Glue designs inside the small compartments using a glue stick. Leave to dry and seal the surface with decoupage lacquer.
