

A Mobile from Collages of coloured Paper

v15044

A craft punch set is used for punching out designs from coloured paper. These are glued onto card discs with a glue stick. An excellent activity for young children.

Comment faire

1 Punch out designs using a craft punch set with a design in the following sizes; 25+49+75mm. You may cut strips of paper/card that can be used for collages.

2 Glue the punched-out designs onto the card discs with a glue stick. Assemble the mobile with the enclosed swivels for hanging.

Another variant You may glue the three sizes of the design on top of each other.
