A Christmas Bauble from Faux Leather Paper Star Strips

v14980

You will need two faux leather paper star strips for this bauble as well as a leather cord. Cut each star strip into three pieces and assemble all the pieces around the leather cord.

Comment faire

1 Cut both star strip into three 26 cm pieces. Make holes in both ends and in the middle of all six pieces using a needle or punch pliers.

2 Cut a 50 cm piece of leather cord. Tie two knots approx. in the middle – the distance between the knots measures approx. 7 cm. Thread a wooden bead onto each cord end and push them down to the knots.

3 Thread the star strips onto the cord through the middle hole in the star strips.

creativ company

4 Assemble the bauble. Thread all the paper strips onto the cord from the bottom. Finish with a knot.

5 Thread wooden beads and a jewellery pendant onto the cord. Feed the cord end back through the beads and the knot and tie another knot.

6 Tighten the cord and trim the end.
