

A Christening Invitation with a Nappy

v14968

A lovely invitation for a christening. The holder for the invitation is shaped like a nappy. The nappy is fastened with satin ribbon.

Comment faire

1 Cut a nappy from textured card using the template attached to this idea. Make a cut at each side for feeding the ribbon through.

2 Cut a 14 x 11 cm piece of coloured card. Print the invitations on textured paper and trim so they are slightly smaller than the card, creating a frame. Attach the paper onto the card using double-sided adhesive tape.

3 See ideas No. 14969 and No. 14970 for matching place cards and table decorations.
