

A Greeting Card with embossed Decoration and Wax Crayons

v14902

A piece of white card is cut and rolled through the embossing machine for decorating the front of this greeting card. It is then decorated with wax crayons.

Comment faire

1 Roll pieces of white textured paper through the embossing machine for embossed designs.

2 Fold a piece of black A4 card for a greeting card (to fit in an envelope). Cut another piece of black card to make a passepartout frame.

3 Use a wax crayon to lightly decorate the small piece of white embossed card.

4 Attach all the parts onto the front of the greeting card using a glue stick.
