

An Invitation for a Christening with Photos

v14960

It is easy to personalize invitations for a christening by using photos and paper that match your chosen colour scheme.

Comment faire

1 Fold a piece of textured paper to make an envelope. You may use a piece of card as a template.

2 Assemble the envelope with double-sided adhesive tape. You may print a name and address on the envelope.

3 Print text onto card and cut out the parts. Make holes for ribbon with a hole punch. Attach the pictures with 3D foam pads. Remember that the card needs to fit inside the envelope.

4 Assemble all the parts with satin ribbon.
