

A Faux Leather Paper Purse Key Fob

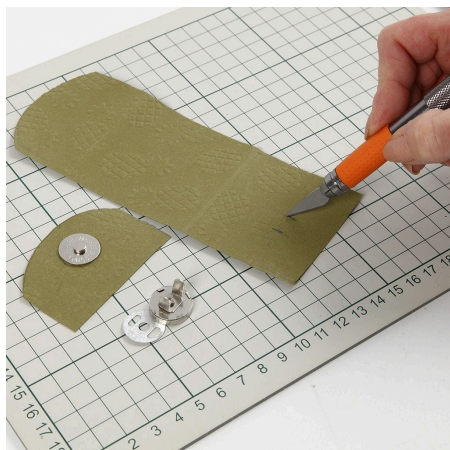

v14904

A star-shaped keyring with a small purse for coins made from faux leather paper, decorated with 3D embossing and decorative ribbon.

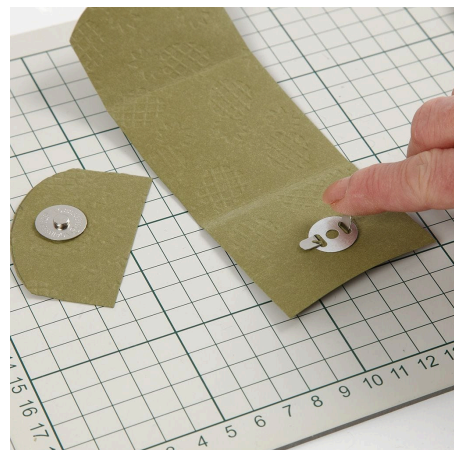

Comment faire

1 Cut out the parts using the attached template. Mark where to make cuts for the fastener. Run the parts through the die-cutting and embossing machine with your chosen embossing design.

2 Make cuts for the magnetic clasp.

3 Attach the magnetic clasp.

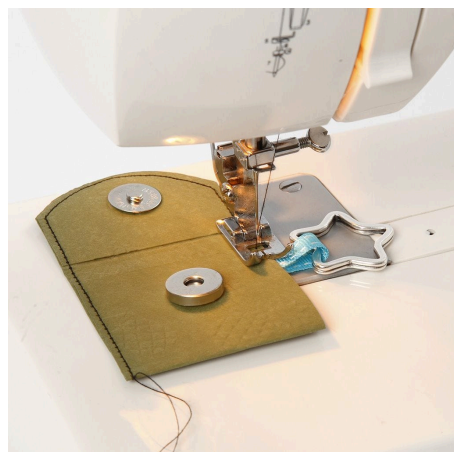

4 Glue this part onto the purse using a glue stick. This makes it easier to handle when sewing the parts together.

5 Cut a piece of decorative ribbon for the keyring.

6 Sew the parts together on the sewing machine. Start sewing at the bottom of the purse. Place the decorative ribbon and the keyring inside the purse and sew together.
