

Silk Clay Fairytale Creatures

v14882

Dragons and a unicorn are made from small polystyrene eggs covered with Silk Clay. The legs, eyes, horn and other details are added once the figure is assembled.

Comment faire

1 Model four legs and attach them and the head onto the body. Both the head and the body are polystyrene eggs covered with Silk Clay.

2 Model other details; eyes, ears, claws etc. and press them on gently. Add extra Foam Clay details at the end.
