

## An Angel with Foam Clay Glitter and Silk Clay

v15157

The angel's body is a terracotta bell which is covered with Foam Clay glitter and decorated with rhinestones. A polystyrene ball is covered with Silk Clay. Eyes and a nose, etc. are attached. The wings and the halo are made from pipe cleaners.

### Comment faire

**1** Cover the terracotta bell with Foam Clay glitter.

**2** Add rhinestones by rolling small Foam Clay balls, pressing rhinestones into the ball and then pressing the ball onto the bell.

**3** The head: cover a polystyrene ball with Silk Clay. Attach Silk Clay ears, nose, eyes and mouth.

**4** Attach the head onto the body with a blob of Silk Clay (or Foam Clay). Leave to dry.

**5** Create wings from a pipe cleaner and a halo from a half piece of pipe cleaner.

**6** Attach the wings onto the back with a blob of Foam Clay.

**7** Glue pieces of flax twine for hair and the halo onto the head with a glue gun (or use a blob of Foam Clay instead of glue).
