

Pom-pom Pendants from Spaghetti (Fabric) Yarn or Denim Fabric Yarn

v15156

You can make a pom-pom either from denim fabric yarn or from flat knitted spaghetti (fabric) yarn. The pom-pom is attached to a keyring with a chain to use as a handbag pendant.

Comment faire

1 Wind the yarn around the wide end of the pom-pom tool.

2 Tie a knot around the wound up yarn, tighten and attach a round jump ring from the keyring onto the yarn. Tie another knot and tighten.

3 Cut open. We recommend using a good pair of scissors which has not been used for paper/card when cutting fabric.
