

A wooden Wall Decoration decorated with Ethnic Patterns using a Stencil

v15127

This wall decoration is made from four parts that are hung next to each other to make one large wall decoration.

Comment faire

1 Paint the wooden wall decorations with black Plus Color craft paint.

2 Here is a tip to prevent the stencil from sliding: spray the back of the stencil with spray adhesive. Spray a thin layer from approx 25 cm distance. Leave to dry until the glue is tacky; i.e. the glue is sticky, but it no longer sticks to the fingers when you touch it. The spray adhesive cannot be rinsed off afterwards.

3 Place the stencil on the wall decoration and dab a thin coat of Plus Color craft paint over the stencil using a sponge. Only use a very small amount of paint on the sponge. You may dab some of the paint off onto some paper before dabbing onto the wood.

4 Remove the stencil and rinse under lukewarm water. (You cannot rinse off the spray adhesive).

5 Decorate all the corners with a stencilled design. Add small details with Plus Color markers.
