

A Dome Bell Jar containing a decorative Silhouette Town

v14985

This paper silhouette town is cut out from card, decorated with glitter and put inside the dome bell jar with LED lights inside.

Comment faire

1 Cut out the designs with an art knife.

2 Use the large cone and the two tallest rows of houses for the large dome bell jar.

3 Decorate according to your imagination with glue and glitter. Here glue is applied to the roof tops.

4 Sprinkle glitter on the wet glue.

5 Glue the houses together and glue the cone together.

6 Put the LED light string inside the wooden stand.

7 Apply glue to the wooden stand and place the cone over the LED light string.

8 Place the houses in the glue. The tallest ones on the inside first around the cone and then the smaller houses. Apply more glue to the edges.

9 Sprinkle artificial snow on the wet glue.
