

A Flower made with Paper Star Strips on a Quilling Comb

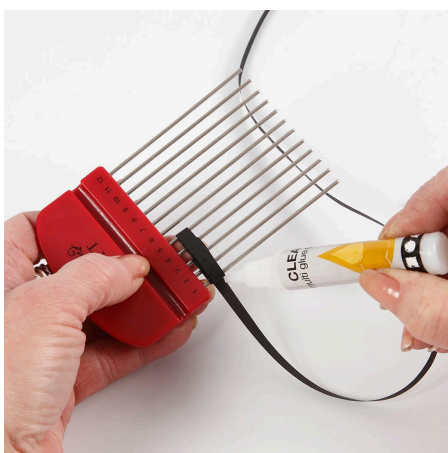

v15067

This flower is made by forming six identical paper star strips into leaves on a quilling comb. The leaves are glued together in the middle to form a flower.

Comment faire

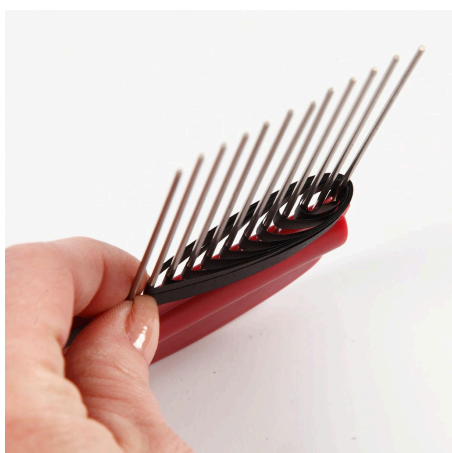

1 Glue one end of the quilling strip onto the first prong on the quilling comb.

2 Pass the strip around the prongs until the desired size of the leaf is reached. Pass the strip onto the next peg after each round. Apply glue after each round.

3 Secure the end with glue.

4 Remove the leaf from the comb.

5 The finished leaf. Make six leaves to make a flower.

6 Glue the leaves together.

7 Attach a string for hanging.
