Comment faire

1 Use four pieces of tissue paper in equal sizes for each pom-pom.

2 Fold a piece of tissue paper from one edge to the other twice. Cut off the folding edges and you now have four pieces of equal size.

3 Fold the paper back and forth by turning it – approx. 2 cm per fold.

4 Round the ends.

5 Double over around a pipe cleaner and twist the pipe cleaner around itself to secure the paper.

6 Carefully separate the layers of tissue paper.

7 Attach the pom-pom onto the present.
