v14989

This silhouette town is cut out from card and decorated with glitter paper and vellum paper.

### *Comment faire*

**1** Attach the template onto the white card. Cut through both layers simultaneously.

**2** First cut out all the windows using a fine art knife. Take care when cutting out the narrow window bars.

**3** Cut out the outline and finally the base.

**4** Cut out the roofs and a cone-shaped tree from glitter paper.

**5** Glue the cone together and attach the cut-out roofs onto the white card using power tape.

**6** Cut out vellum paper for the back of some of the windows and attach with power tape.
