

Gauze Bandage Bowls with Glitter balanced on Pots

v15106

These small bowls are made from gauze bandage formed over a balloon. They are decorated with glitter and balanced on white terracotta pots.

Comment faire

1 Cut the gauze bandage into suitable pieces.

2 Moisten the gauze bandage in water and cover the balloon until you have made a bowl. Let the bowl dry. Deflate the balloon and remove it from the bowl.

3 Apply glue to the inside of the bowl.

4 Sprinkle glitter over the wet glue.

Another variant Make small bowls over disposable cups.
