

## A Christmas Tree from a Polystyrene Cone decorated with Pieces of Bark and wooden Discs

v15029

Christmas trees made from polystyrene cones with glued-on pieces of bark and wooden discs. Paint the polystyrene cone with brown craft paint. Then glue on the wooden discs using a glue gun and cut out the star from a piece of bark.

### *Comment faire*

**1** Paint the polystyrene cone with brown craft paint.

**2** Attach the wooden discs using a glue gun.

**3** Cut out two stars for each tree from pieces of bark.

**4** Attach the star in pairs onto the top of each tree using a glue gun.

**5** Follow the same procedure for gluing pieces of bark onto a polystyrene cone.
