

An Invitation wrapped and secured with Cotton Cord and a punched-out Flower

v15339

Make an invitation wrapped in a card cover, cotton cord and a punched-out flower decorated with a rhinestone.

Comment faire

1 Punch out a card flower.

2 Score between the petals and along the middle of the petals using a bone folder. Slightly fold along the score lines to give the flower a 3D effect.

3 Print out the template available as an attached PDF file on this page and cut out four pieces of card; two pieces of each colour.

4 Attach these four pieces of card onto the front of a greeting card using double-sided adhesive tape as illustrated in the photo.

5 Print out a photo and attach on top of the four opened-up pieces of card using double-sided adhesive tape.

6 Attach a rhinestone in the middle of the flower.

7 Print text and attach it inside the greeting card with double-sided adhesive tape. Tie a piece of cotton cord around the invitation card and attach the flower with a 3D foam pad.
