

An Invitation with Lace patterned Card and punched-out Flowers with a 3D Effect

v15334

Make these lovely invitations from lace patterned card with a butterfly and flower design. Decorate with punched-out card flowers glued on in layers for a 3D effect.

Comment faire

1 Trim the lace patterned card to fit the greeting card and attach it onto the front with double-sided adhesive tape cut in half length-wise for hiding behind the edges.

2 Punch out flowers and leaves from card and vellum paper in different colours using cutting plate C underneath and base plate B on top.

3 Push the leaves together length-wise for a 3D effect. Glue three different sizes of flowers together in the middle and glue them onto the card using Clear multi glue gel.

4 Lift the petals with a pointed object when the glue is dry.
