

## A Place Card from a Manilla Tag decorated with Deco Foil, Rhinestones and Satin Ribbon

v15386

You can make your own place cards from manilla tags with names written using deco foil. The place card is tied around a napkin with satin ribbon. The ends of the satin ribbon are decorated with cut-out lace patterned card flowers.

### *Comment faire*

**1** Write a name on the place card with a glue pen. You may write the name with a pencil first.

**2** Leave the glue print until it is tacky; i.e. it's still sticky, but doesn't stick to the fingers when touched. Place the deco foil on top and rub hard to attach it onto the glue. Carefully remove the deco foil sheet.

**3** Decorate the place card further with rhinestones and satin ribbon. Glue cut-out lace patterned card flowers onto the ends of the satin ribbon.
