

Easter Bunnies made from Nabbi Fuse Beads with Pom-pom Tails

v15342

Make these adorable Easter bunnies and carrots from Nabbi fuse beads on a square pegboard. A glitter pom-pom is glued onto each bunny for the tail with a glue gun.

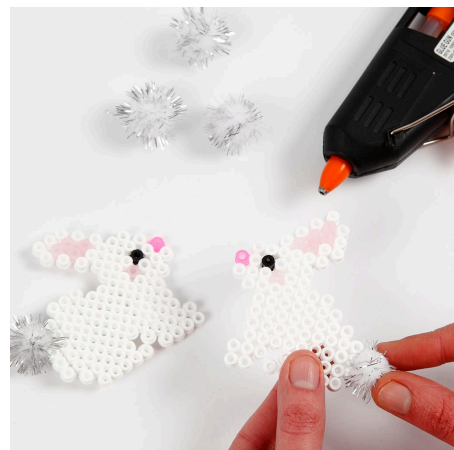

Comment faire

1 Place the Nabbi fuse beads onto the pegboard.

2 Place a piece of ironing paper or baking paper on top of the beads and iron them together with an iron. Do a small test beforehand as the temperature varies from one iron to another. Iron the beads so that they lightly melt together and then remove them carefully from the pegboard (still with the ironing paper or the baking paper on top). Place a book or a heavy object on top until the beads have cooled down, then remove the ironing paper or baking paper.

3 Glue the pom-poms onto the bunnies for the tails.

Another variant Attach a string to the bunnies and the carrots and use them as hanging decorations on spring branches.
