

A Shopping Bag decorated with Textile Markers and Rub-on Stickers

v15215

Decorate a fabric shopping bag with textile markers and rub-on stickers for writing a name.

Comment faire

1 Place a piece of paper or card inside the bag to prevent the textile markers from penetrating through to the back of the bag. Draw a design.

2 Place a piece of baking paper on top of the design and fix the colours with an iron.

3 Cut the letters away from the sheet one by one. Now remove the protective paper from the back of the letter.

4 Rub the sticker onto the bag with the supplied wooden stick.

5 Now carefully remove the protective top foil layer from the letter.
