

## A Shopping Bag with a stamped Face Design

v15216

Decorate fabric shopping bags with stamps in different shapes. Here we have put the shapes together to make a face. There are lots of possibilities for combining the different shapes to making exciting and colourful designs.

### *Comment faire*

**1** If you want to be able to wash the bag afterwards, you will get the best result if you wash the bag prior to decorating. Apply a thin layer of paint onto the stamps.

**2** Combine shapes and colours according to your imagination.

**3** Fix the bag with an iron so that it can be washed in the washing machine.

**Another variant** You may add details with textile markers.
