

A Faux Leather Paper Bag decorated with Rub-on Stickers

v15195

This faux leather paper bag is decorated with rub-on stickers

Comment faire

1 Cut out your chosen rub-on stickers.

2 A tip: Place the stickers on the bag so that you can see the end result of the design before you start the process of rubbing on the stickers.

3 Remove the protective paper from the sticker.

4 Place the sticker on your chosen location. Rub the sticker on with the wooden stick until the design sticks. Now remove the protective top foil layer.
