

A Mobile with metallic Deco Foil

v15222

Make your very own mobile from punched-out card discs decorated with metallic deco foil (plain and with designs). This card mobile comes as a set with metal swivels.

Comment faire

1 Attach double-sided foil tape onto the card disc and cut it out.

2 Remove the protective paper from the foil tape.

3 Rub the deco foil onto the double-sided foil tape using a spatula.

4 Carefully remove the deco foil's plastic layer.

5 Carefully remove the plastic layer from the front of the glue foil sheet.

6 Rub the glue design onto the disc with a spatula.

7 Place a different colour deco foil on top of the glue design sheet and rub on the deco foil.

8 Carefully remove the excess deco foil.
