

A pearlescent Greeting Card decorated with gold Deco Foil Stripes

v15250

This greeting card and matching envelope are decorated with gold deco foil stripes, attached with double-sided adhesive tape.

Comment faire

1 Attach a piece of double-sided adhesive tape onto the cutting mat. Make sure that the tape is longer than the greeting card. Use the cutting mat as a guide when attaching each strip of tape. Attach double-sided adhesive tape in stripes onto the entire greeting card. Each stripe should equal the width of the double-sided adhesive tape.

2 Make a frame on the front of the envelope using double-sided adhesive tape.

3 Remove the protective paper from the double-sided adhesive tape. Place the deco foil on top. Rub. Carefully remove the piece of deco foil. You don't have to remove it in one piece. The remaining deco foil can be used for adding onto the adhesive stripes where some foil may be missing. Write text inside the greeting card using a gold pen.
