

## Father Christmas Vintage Die-Cuts on a Heart in Flower Pots

v15553

Make this lovely Father Christmas decoration by covering a polystyrene heart with small wooden discs and place the heart in a small flower pot. Glue a Father Christmas vintage die-cut onto the polystyrene heart and add spruce for decoration.

### *Comment faire*

**1** Glue small wooden discs onto the polystyrene heart using Clear Multi Glue Gel.

**2** Glue a Father Christmas vintage die-cut onto the decorated heart and leave to dry.

**3** You may decorate the flower pot with wooden discs and put a bit of clay into the flower pot. You may decorate with spruce. Insert a piece of metal wire into the bottom of the heart and place the heart into the flower pot.
