

Porcelain Lanterns decorated with Glass & Porcelain Markers

v15543

These small lanterns are decorated with different glass & porcelain markers. When dry, these lanterns are ready to be fixed in a household oven at 160°C for 30-90 minutes depending on your chosen marker. Find more information on the packaging.

Comment faire

1 Remove the handle from the lantern and decorate with your chosen colour of glass & porcelain markers. Leave to dry for 4 hours.

2 Place the lantern in a pre-heated oven at 160°C to fix the colours permanently. The fixing time depends on your chosen marker. The time is shown on the packaging.
