

Angels with a Cone Body

v15548

Cut the angels' body from patterned design paper using a template. The hair is made from thin mercerised cotton yarn which is stapled on using a stapler.

Comment faire

1 Print out the template which is available as a separate PDF on this page. Copy the body onto the white side of the design paper. Copy the head onto plain card and cut out the body and the head.

2 Assemble the design paper to a cone and glue the ends together with a glue stick. Glue the head and the wings (a doily) onto the cone body.

3 Wrap mercerised cotton yarn around, for example, a 7-8 cm wide piece of card. Secure the yarn with a knot at one end whilst it is attached to the piece of card. Cut it open at the other end. Staple the hair onto the head (on the knot) using a stapler (with small staples). Finish by attaching a halo made from a piece of pipe cleaner.
