

A luminescent Ghost and Skull made on a Pegboard

v15537

Make your own hanging decorations with black and luminescent Nabbi fuse beads and let spookiness commence. The fuse beads glow when the lights are switched off.

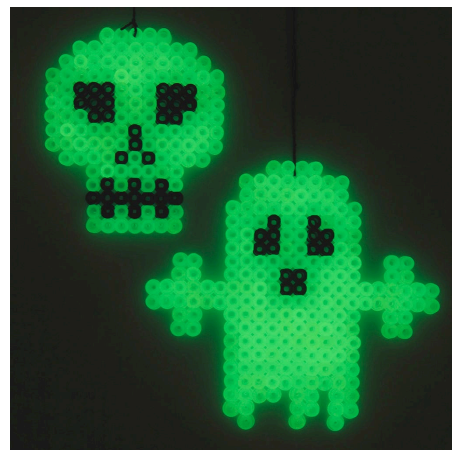

Comment faire

1 You may print out the template which is available as a separate PDF file on this page. Place the template underneath the pegboard as a guide. Place the Nabbi fuse beads on the pegboard following the template or make figures by making up your own designs.

2 Place a piece of baking paper on top of the beads and iron them together with an iron until all the beads are lightly melted together.
