

Greeting Cards decorated with punched-out Faux Leather Paper and a Pyrography Tool

v15449

Make your own greeting cards with punched-out faux leather paper which is stamped and decorated with a pyrography tool.

Comment faire

1 Cut two pieces of faux leather paper measuring 9.2 x 13.7 (the wide background) and 4.2 x 13.7 cm (the thin strip) respectively. Stamp text onto the faux leather paper strip.

2 Punch out designs from faux leather paper using the die-cutting machine. Stamp the designs afterwards.

3 Attach the faux leather paper strip onto the faux leather paper background (the large piece of faux leather paper) using double-sided adhesive tape. Attach the stamped faux leather paper designs with double-sided adhesive tape.

4 Highlight text and designs with a pyrography tool. Finally, attach the faux leather paper decorations to the greeting card using double-sided adhesive tape.
