

A gift bag with a Christmas design, decorated with a star, lametta and tissue paper

v15806

Add that little extra something to the gift wrapping with this idea. Fill paper bags with a bit of tissue paper and lametta and add small decorative details such as silver stars on a stalk and a "to and from" card.

### *Comment faire*

**1** Place a bit of tissue paper and silver metallised lametta in the gift bag as a shiny surprise.

**2** Twist one or more silver stars on a stalk around the handles of the gift bag. Attach a "to and from" card onto the handle using a silver star on a stalk.

**3** The finished gift bag.
