A Christmas card with a nosy elf made from design paper

v15736

Decorate a white greeting card with a nosy elf made from design paper. You may decorate the card further with small stars made with glitter glue.

Comment faire

1 Trim paper from the design paper pad to fit the width of the greeting card. You may also cut a red strip of card. Attach onto the front of the greeting card with double-sided adhesive tape.

2 Print the templates which are available as a separate PDF file on this page. Cut the hat from design paper, the beard from white card, the nose and the tassel from red card.

3 Attach all the parts onto the front of the greeting card with double-sided adhesive tape.

4 Make stars with glitter glue as shown in the photo.
