

## Felt toadstools decorated with rocaille seed beads

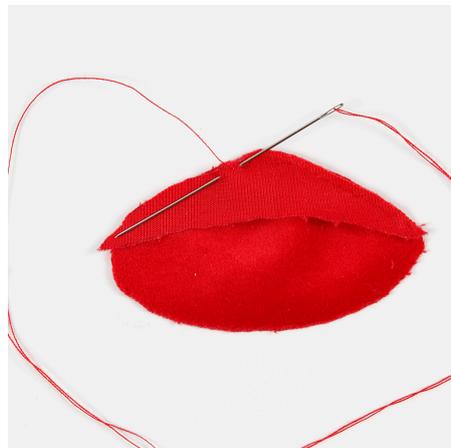

v15747

These toadstools are made from felt and decorated with rocaille seed beads and gold thread. Use the toadstools for hanging.

### *Comment faire*

**1** Cut out the various parts from felt using template available as a PDF file on this page.

**2** Sew together the two toadstool caps as shown in the photo.

**3** Sew the cap together with the white part using buttonhole stitches. Cut an incision for the stalk in the sewn-on white piece of felt.

**4** Sew the two white pieces of felt together for the stalk using buttonhole stitches. Leave the top open.

**5** Fill the parts with polyester stuffing and sew the stalk together at the top.

**6** Sew rocaille seed beads onto the cap as shown in the photo.

**7** Sew on gills onto the underneath of the cap using gold thread.

**8** Join the stalk and the cap using a glue gun.

**9** Sew on a thread for hanging at the top.

**10** You may make more toadstools in different sizes.
