

A place card for a confirmation party decorated with a dress and a bow

v15695

Make your own place card for the confirmation party from pink card, decorated with a punched-out dress and a bow from pink ribbon.

Comment faire

1 Cut a piece of white card and a piece of patterned pink paper. Trim to make the white card is slightly smaller than the front of the pink place card. Trim the patterned pink paper so that it's slightly smaller than the white card, thus creating a white frame (on the finished place card). Attach both pieces onto the place card with double-sided adhesive tape.

2 Punch out a dress from white card using the small die in the die-cutting and embossing machine.

3 Fold a piece of ribbon so that it resembles a bow. Glue together and attach onto the front of the place card. Decorate with a self-adhesive half-pearl.

4 Attach the dress onto the front of the place card using a 3D foam pad. Write a name with a marker.
