

Shaun the Sheep finger puppets from Silk Clay and Foam Clay

v15635

Make your own finger puppets with the characters from Shaun the Sheep. The finger puppets are modelled around a finger and can be used again and again once they have hardened.

Comment faire

1 Make Shaun the Sheep by modelling white Foam Clay around your finger.

2 Make details from Foam Clay and Silk Clay. Here we have rolled lots of small balls from white Foam Clay for Shaun the Sheep's wool and tail. The head, ears and arms are modelled from black Silk Clay.

3 Attach all the parts whilst the puppet is still on your finger.

4 Attach self-adhesive googly eyes and make two nostrils with the pointed end of a pencil.

5 Attach the tail.

6 Make Bitzer by modelling Silk Clay around your finger. Make the head, tail, arms, ears and nose from yellow, brown and black Silk Clay.

7 Attach all the parts onto the body.

8 Model a hat from blue Foam Clay and a collar from black Silk Clay.

9 Attach self-adhesive googly eyes and make the mouth using the pointed end of a pencil.
