

## A handbag pendant with tassels and beads made from Fimo modelling clay

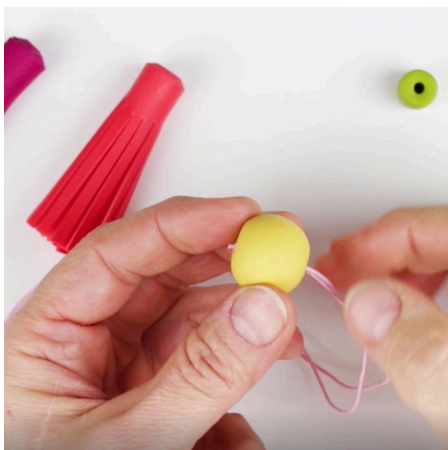

v15669

Make a hand bag pendant with tassels and beads from Fimo modelling clay with a leather look. Thread the decorations onto cotton yarn and attach onto a lobster claw clasp.

### *Comment faire*

**1** Roll a some Fimo modelling clay with a leather effect thinly on baking paper and cut into a square. Roll small beads from Fimo modelling clay and make holes for the cord with a tooth pick or a needle. Fix the square and the beads in a household oven at 130°C for 30 min. Cut tassels in the square as shown in the photo when the square has slightly cooled. Apply glue along the top edge and roll the section together to make a tassel.

**2** Cut a piece of cotton yarn. Thread a lobster claw clasp onto the cotton yarn, double over and thread the beads and the tassels onto the cotton yarn.

**3** Tighten the cotton yarn and tie a knot. Hide the knot inside the tassel. Trim the excess cotton yarn.
