

A rabbit place card made from Fimo Air modelling clay

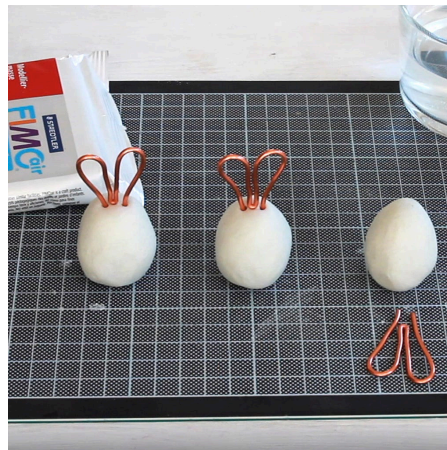

v15668

Make a rabbit from the air drying Fimo Air modelling clay with bonsai wire ears. Draw eyes, a nose and a mouth with a permanent marker when dry. The rabbit may be used for decoration or as a place card together with a name tag on the napkin.

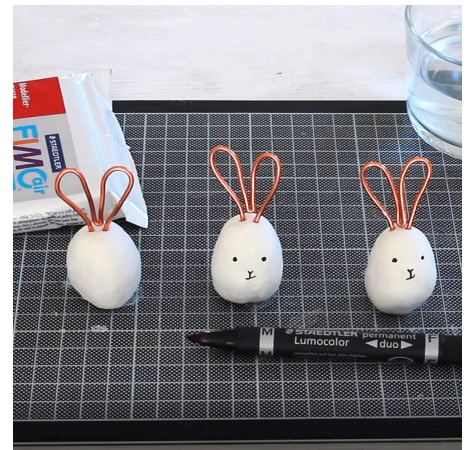

Comment faire

1 Make oval bodies for the rabbits on baking paper.

2 Model ears from bonsai wire and push them into the body as shown in this photo. Leave the rabbits to dry for approx. 24 hours.

3 Draw eyes, noses and mouths with a permanent marker when the rabbits are completely dry.
