

A hair claw decorated with half-pearls and mini pearlescent glass beads

v15641

Decorate this hair claw by attaching pearlescent half-pearls and mini glass beads using hobby glue.

Comment faire

1 Apply small blobs of hobby glue onto the hair claw where you want to attach the half-pearls. You may use a brush handle.

2 Attach the half-pearls and leave to dry.

3 Apply a coat of glue to the rest of the hair claw using a brush.

4 Sprinkle pearlescent mini glass beads onto the wet glue and leave to dry. A tip: keep a bowl or a dish underneath in order to catch the glass beads that don't stick.
