

Make your own stamp

v15644

Make your own stamps by cutting designs with a lino cutter on a carving block. These stamps are ideal for using on paper, card, textiles and canvas.

Comment faire

1 Draw your chosen design onto the carving block. Alternatively you may print this leaf design from the PDF template which is attached to this idea.

2 Cut away the rubber background around the designs with a lino cutter to make raised designs.

3 Apply ink onto the design using an ink pad.

4 Press the stamp onto your chosen surface. The stamp is ideal for paper, card, textiles and canvas.
